

Water Turned to Wine

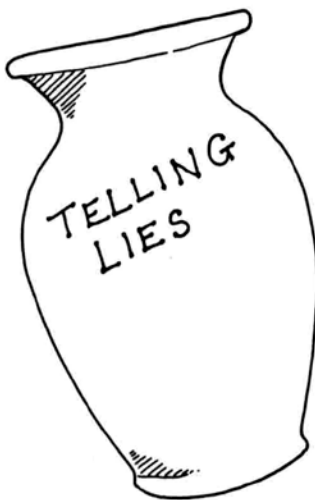

Changes

One day at a wedding in Cana,
Jesus changed water to wine.
The wedding guests all were delighted.
Nothing ever had tasted so fine!

There are things in my life that need changing,
Wrong actions and bad attitudes.
But I know if I give them to Jesus,
He will change them and make me renewed.

Here are the things I want Jesus to change in my life. (Circle the actions or attitudes you need help with, or add your own on the water jars.)

"Direct my footsteps according to your word; let no sin rule over me." Psalm 119:133
