

Rahab Saves the Spies

Help Rahab lower the spies from her window:

1. For each child, copy two men and a wall scene on cardstock.
2. Cut out men.
3. Cut a slit in the wall scene between Rahab's hands so it will look like she is holding a cord.
4. Slip a length of red yarn through the slit, and knot it at both ends.
5. Attach two spies to the cord towards the end of it.
6. By pulling the cord the student can help the spy climb down the wall.
