

# Fruit Bingo Game

Make Bingo cards using the fruit of the Spirit as the words: love, joy peace, and so forth. Enter words at random into the spaces to create unique Bingo cards for each player. Copy each card onto a different colored card stock and laminate them for future use. Call out the words, one-by-one. If a child has that word he places a marker (use Skittles©) over it. The first child to get a row of markers in any direction is the winner.

Make a spinner out of the following pattern. Place a cork behind the graphic and stick a hat pin down into it to secure an opened paper clip. Flick the paper clip with your finger and see what fruit it stops on.
